

PREVENTION MESSAGE

Camp and cottage owners, prevent the worst!

When a camp or cottage goes up in flames and the fire spreads to the surrounding forest, a lot of people think that it's just something they can't control. An accident can happen of course, but did you know that there is a variety of preventive actions you can take to avoid such a situation? Camp or cottage owners, drop by at www.mrnf.gouv.qc.ca/parefeu. You will find tips to reduce the risk of forest fires, such as choosing the right building materials, controlling where vegetation grows and having the proper protective equipment on hand. **PareFeu** was developed by SOPFEU in collaboration with the Ministère des Ressources naturelles et de la Faune.

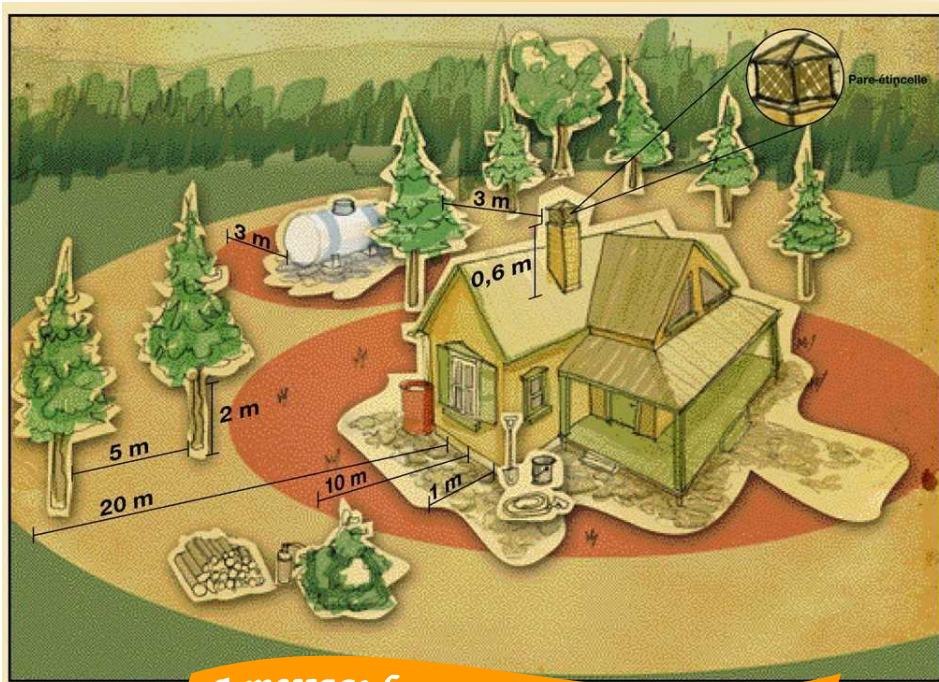

Remember! Firewood must be kept well away from your camp.
